Makani Management

Website makaniegypt.com

About :

- Since Makani began as a popular up-start bakery in back in 2002, we have made it our mission to create distinctive spaces that bring people together and break down barriers in food services. Our progressive approach to food led us to innovate new directions for Makani, first by developing into a delicatessen, then by pioneering an affordable Sushi Bar.
- While we believe in that old adage that 'A Rolling Stone Gathers No Moss', we continue to stay true to our tradition of establishing each Makani branch as a response to the particular needs of the community. As a result, we have gradually moved East to West, putting down roots in seven neighborhoods with delivery services covering nearby locations. Considering that we first started straight out of the founder's kitchen, we reckon it's a good start.
- From here on, we aim to prove that our homegrown talent can grow and still deliver consistently high quality, innovative food, service, and spaces for the communities where we work.
- Follow the rest of our story and become a part of the Makani's experience..

Café Starbucks Coffee

Starbucks

Website www.starbucks.com

About :

- It happens millions of times each week – a customer receives a drink from a Starbucks barista – but each interaction is unique.
- It's just a moment in time – just one hand reaching over the counter to present a cup to another outstretched hand.
- But it's a connection.
- We make sure everything we do honors that connection – from our commitment to the highest quality coffee in the world, to the way we engage with our customers and communities to do business responsibly.
- From our beginnings as a single store over forty years ago, in every place that we've been, and every place that we touch, we've tried to make it a little better than we found it.

Grand Café

- Americana Group's first outlet under the Grand Café sign opened its doors in Alexandria, Egypt, in 1988. At all its carefully chosen locations, this charming café concept features an open-air setting, stunningly scenic views and high quality beverages and grilled platters. The brand quickly gained attention as consumers enjoyed its repertoire of delicious food, flavoured water pipes and fresh juices.
- Americana Group soon grew the concept to a total of 11 Grand Café outlets across the Arab World, dotted along the River Nile in Egypt, as well as tourist attractions like Giza and Egypt's northern coast. The Grand Café chain is also present in Syria and Sudan.
- The open-air atmosphere is what makes Grand Cafe such a popular restaurant. Grand Cafe offers several branches throughout Cairo. If you desire a Nile view, try either the Maadi or Giza locations. In Maadi (favored by expats and locals), enjoy lunch or dinner on a terrace by water and in Giza (favored by tourists), on the deck of the docked Americana boat. Choose from a delicious selection of shishas, mezzes (appetizers), grilled platters and fresh juices.

Costa Coffee

- Middle Easterners are some of the world's most dedicated coffee enthusiasts. With a tradition of coffee drinking dating back hundreds – if not thousands – of years, their enthusiasm for Costa Coffee was virtually guaranteed. The global brand's 22-minute slow roasting process did not take long to attract consumers, who filled Costa Coffee outlets to enjoy Costa's smoother, richer flavour coffee with freshly baked pastries. Under the banner of the Americana Group, the Middle East ranked among the fastest growth areas for the Costa Coffee franchise, which originated from a small café in London to become an international phenomenon. Welcoming customers with cozy sofas, an extensive food menu and, most importantly, sublime coffee, Americana Group's Costa Coffee network now numbers 50 outlets in prime locations across Egypt, Jordan, Lebanon and Syria.
